ISTANBUL, 13.3.2025—Dirimart is proud to present the dynamic works of **Cihan Öncü** at **SPARK Art Fair Vienna 2025**, showcasing his *Untitled Series*. The selection of photographs embodies Öncü's innovative approach to still-life composition, where abstraction, narrative depth, and material experimentation converge.

Breaking away from the static nature of conventional still-life photography, Öncü's compositions in the *Untitled Series* capture objects in motion and transformation. Through an experimental process, flowers are boiled, leaves are blended, and oozing fluids are manipulated. The series guides the viewer on a journey between recognition and abstraction, inviting contemplation on the transient beauty and ephemeral nature of the subjects.

At the heart of Öncü's practice is a profound fascination with colour and texture. His use of rich, vibrant hues, coupled with a sharp sensitivity to the interaction of surfaces sets Öncü's photography apart. By employing traditional darkroom colour-printing techniques, he enhances the sensory impact of his work, imbuing each image with a distinct richness and tactile quality.

The sensory nature of Öncü's works draws the viewer into a space of introspection, where each photograph serves as a gateway to deeper cultural and emotional narratives. At SPARK Art Fair Vienna 2025, Dirimart welcomes visitors into Cihan Öncü's world of vibrant still-life compositions, where rich textures and dynamic colours evoke intense and personal emotional reflection.
