Dirimart is excited to announce its first appearance in Bodrum Yalıkavak with an exceptional program. Located on top of a hill covered by olive trees, between a residence for artists and numerous studios built in the 90s in tune with the architectural style of the period and in accordance with its natural surroundings, Ritmo Zeytino invites Dirimart.

The gastronomy project Ritmo Zeytino, opening its doors to visitors three times a week, with a new menu each week, designed based on a farm-to-table concept, accompanied by a special selection of music, presents a unique experience. Dirimart organizes five presentations conceived in harmony with the spirit and rhythm of this special space, to be exhibited each for two weeks, July 8–September 18. Exhibitions are on view on Thursday, Friday, Saturday 17:00–22:00.

Last of Ritmo Zeytino x Dirimart projects, Güçlü Öztekin's solo exhibition *ESKALATLANTİK* is on view in 9-18 September. The exhibition gathers a selection of the artist's works of last decade. Reflecting Öztekin's compositions from different periods and diversity of materials he uses in his works, the exhibition presents his big-size coloured compositions on craft paper, a distinct feature of his art, as well as a selection from his portrait series. Also, his small-sized works with which he incorporates his recent dark coloured dynamic works, recycled materials such as styrofoam, carton boxes, and plastic, to the realm of painting, are meeting with the viewer.
